SUMMARY

Customer experience and UX professional with 15+ years in hospitality, now a sales development rep at ZoomInfo and finishing a BS in UX Design at WGU. I have front-end and back-end development experience building online experiences, from a staff portal used daily by a 20-30 person team to a QR feedback loop that brought in 18 new TripAdvisor reviews in two weeks. I map the customer journey, find where people get stuck, and fix it. I use AI tools like Claude Code and ZoomInfo's Mesh to work faster and build more, and I'm looking to bring all of that to customer experience, lifecycle and enablement on a go-to-market team.

RELEVANT SKILLS

Customer Experience & GTM: Customer journey mapping, discovery calls, outbound prospecting, ZoomInfo (Sales, GTM Studio), onboarding and training, documentation

AI & Automation: Claude, Claude Code, ZoomInfo Mesh, AI agents

UX & Research: Figma, wireframing and prototyping, Maze, user interviews, competitive analysis, WCAG AA accessibility

Web & Technical: HTML, CSS, JavaScript, Framer, responsive design, AWS (S3, CloudFront, Lambda, DynamoDB, Cognito, API Gateway), DNS/domain management, Git

Platforms: Toast POS, Squarespace, Shopify, Canva, Trello, Formspree

EXPERIENCE

Sales Development Representative
2026 – Present

ZoomInfo · Vancouver, WA

- Run daily outbound prospecting against a 100-call-a-day target, using discovery questions to connect prospects with sales reps for demos
- Research accounts and buying signals in ZoomInfo's own platform, including Sales and GTM Studio
- Use AI tools, including ZoomInfo's Mesh and AI agents, as part of my daily prospecting workflow

Assistant Restaurant Manager
Mar 2026 – Oct 2026

Ondus Restaurant & Bar · AC Hotels by Marriott · Vancouver, WA

- Led a team of 20-30 and ran the restaurant's social media
- Built and deployed a full web application (ondus.team) on AWS, with the site architecture, performance and an access-controlled backend, used daily by the team
- Redesigned the guest-facing site and menu experience and launched a QR-based feedback loop that brought in 18 new TripAdvisor reviews and a 5-star rating in two weeks
- Wrote a formal proposal to Vesta Hospitality Group's VP of Operations for a new Internal Systems Developer function, with a six-tool roadmap and business case

UX Design Intern
Jun – Aug 2026

Western Governors University · Fresh Start project

- Worked on a 3-person team redesigning the mobile dashboard for at-risk students, owning the dashboard home and three momentum-indicator variants
- Ran usability testing with 10 participants in Maze, which shaped the V2 direction

Executive Pastry Chef
May 2022 – Mar 2026

Ondus on the Waterfront · AC Hotels by Marriott · Vancouver, WA

- Led adoption of a new POS platform replacing a 4-year legacy system, and was the main trainer and point of contact for the full team through the change
- Designed and maintained a staff-facing digital reference tool used daily across the team, with the same structure and content discipline as a well-organized site

Freelance Web & Brand Designer
2025 – Present

rr.design · Portland metro

- Bonita Paws Pet Care: designed the brand kit, logo options and a responsive website, then handed it off to the owner
- Own and maintain my portfolio site (rachelregnell.com) end to end, including hosting, custom domain and DNS, and ongoing content and performance updates

Finance Manager
Nov 2021 – May 2022

Triple C Auto Brokers · Washougal, WA

- Cut loan approval wait times in half by mapping the customer journey and removing process friction

EDUCATION

BS, User Experience Design · Western Governors University **Expected 2027**

CERTIFICATIONS

- Google UX Design Certificates: Foundations of UX (Jun 2025), Wireframes & Low-Fi Prototypes (Aug 2025)
- WGU Certificate: Strategic Thinking and Innovation · Jul 2025 · NSLS Member · Apr 2026 · Notary Public
